

ZERO POINTS LAB — FRONTEND FRAMEWORK STACK

Framework: React.js (with Vite as build tool)

Styling: Tailwind CSS

Animation: Framer Motion

Icons: Lucide React

Deployment: Vercel

Layer	Tool	Reason
Core	React + Vite	Industry standard, fast dev/build times, what you already know
Styling	Tailwind CSS	Consistent, scalable design system — used by most premium agency sites
Motion	Framer Motion	Scroll animations, hover effects — this is what makes it feel "premium" not "template"
Icons	Lucide React	Clean, consistent icon set that matches modern design language
Hosting	Vercel	Free, auto-deploy from GitHub, custom domain + SSL in minutes
